

We move your grain faster than ever,  
loading 150-train cars in a matter of  
hours, where it once took days.

G3 is changing the way grain moves  
across the country and the world.

Our state-of-the-art  
G3 Vancouver facility is creating  
more opportunity for Canadian  
farmers and keeping your grain in  
constant motion.

40 countries

That's how far your grain will go with our G3 terminals  
at work, delivering more global market opportunities.

99%  
satisfied\*

Among farmers surveyed who have joined G3 on the smarter  
path and delivered grain at one of our state-of-the-art elevators.

You've experienced first-hand our fast unload times, convenient delivery opportunities, and stellar customer service.

Sell again to G3 today.

We're always buying grain, and we're always innovating because for farmers, every second matters.

That's the average time you can expect when unloading your Super B with G3. Get in, get out, and get on with your day.

While evolving the way grain moves across Canada, we've achieved impressive numbers that benefit you.

Evolve with us. Call your G3 Farm Business Representative and submit your sample today to receive a competitive offer for your grain.
