

Thank you for being part of the #BuyLocalMB campaign!

#BuyLocalMB is an initiative brought forth by the Manitoba Chambers of Commerce to encourage Manitobans to support local businesses after a year like no other. We recognize how hard the pandemic has been on our economy, especially the impact on locally owned businesses.

While many businesses have struggled through, we know one thing for sure:

Manitobans have continued proudly buying local. We want to continue that momentum and rally even more support from our province.

As a valued partner in this initiative, today, we want to share with you this goodie box to keep spreading the message and the holiday spirit! This package contains:

- **Tote bags** to share with consumers and business leaders who are already buying local,
- **What you can do? encourage them to share their stories with #buylocalMB,**
- **Window Decals** to place on your store(s) windows,
- **Posters** to place around your shops,
- **Cookies** for you to enjoy and share as a thank you from us to you!
